Title: OpenLines FRIDAYS: CoastToCoastAM.com: Gordon in Fla. is concerned that lawmakers in both political parties aren't obeying their official party platforms:

ZERO Republican lawmakers are filing legislation to obey GOP Platform which prohibits Federal Government from originating (making) student loans with our taxpayer dollars, a HUGE threat to crashing the dollar as College Debt, at almost ten (10%) percent of U.S. Debt, is sizable and threatening.

Very few Democrat lawmakers obey their Democrat Party's platform to support returning bankruptcy defense to student loans, like it was back when the system had this much-needed Conservative free market check on excessive lending.

If either party did what they said they would do, this would force down excessive lending (the GOP method by direct legislative subsidy controls and the Democrat method by exercising the “threat” of bankruptcy as a Free Market check on excessive lending by the Education Department).
